Dear Tom:

Friday evening was a special and inspired event for all of the NBC 6 family. Thanks to the outstanding efforts of Miller Construction Company this celebration introduced NBC 6 employees to their future home. It allowed us to see a dream taking the form of reality.

From day one, the Miller team has been outstanding in every way and working together has been like working with a part of the extended NBC 6 family.

Wishing one and all a happy and glorious New Year.

Yours truly,
