RE: Letter of Recommendation  
Amway Center

Mr. Namm,

On behalf of Hunt Construction, I would like to extend congratulations to you on the successful completion of the Terrazzo, Lithocrete and Acrylic applications at the Amway Center. The commitment on the part of Artistic's employees to produce high quality work is evident. Their "Can Do" attitude helped insure a timely and successful completion to this very demanding, high profile project.

Based on the level of performance Artistic Surfaces has exhibited here, at the Amway Center in Orlando, I can assure you that I will recommend your company for other work and other types of projects.

We look forward to an extended business relationship with your firm, working together again on future projects.

Sincerely,

SCOTT T. BLANCHARD  
Vice President
