December 16, 2016

To whom it may concern:

I am writing to recommend the services of Metro Mix. I recently finished construction of a new 130,000 square foot King Soopers Marketplace store in Castle Rock, CO. Metro Mix supplied the concrete for the entire project. They were a pleasure to work with from the beginning. We were placing our foundations in the middle of winter and their drivers were very cooperative. They had a representative on site for all our interior slab pours to ensure everything went smoothly. They went above and beyond to ensure we could get service when we needed it. I would recommend them to anyone looking for a first-class ready mixed supplier.

Sincerely,

Matt Carlson
