Re: **Letter of Recommendation**

To Whom It May Concern:

As the Design Consultant for the School Board of Broward County, I would recommend Thermal Concepts, Inc. for any project without reservation. Thermal Concepts was hired to perform a complete mechanical system upgrade at West Hollywood Elementary School, Griffin Elementary, and Stirling Elementary.

The Thermal team was professional. Their open communications, commitment and team approach are reasons why I would recommend them.

At times Thermal was required to increase the labor, change schedule, and find solutions for unforeseen conditions. As a result of their quick responses and flexibility, Thermal was able to adjust to these situations and close out the projects.

These were successful projects and we look forward to working with Thermal in the future.

Please feel free to contact me directly if you have further questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Hoffman", with a long horizontal line extending to the right.

Joe Hoffman
Project Manager
Morse Zehnter Associates
