To Whom It May Concern:

Mardi Gras Gaming has used Thermal Concepts for the past four years at our facility. We have used them in a variety of different ways. They have handled our new construction, and they have had our service contract for many years.

Thermal Concepts has the most professional employees that I have seen in the trade, they are on time, clean and courteous. We are a 24 hour facility and it is imperative that our air conditioning company be able to handle calls at anytime and Thermal Concepts has always been able to handle that.

I would recommend thermal Concepts to anyone at anytime. If you have any questions please give me a call at (954)347-5231.

Sincerely,
