A PROFESSIONAL CORPORATION

May 16, 2011

To whom it may concern,

Please be advised that it is my pleasure to write a letter of recommendation on behalf of Ratcliff Construction Company. We have had the pleasure of working with them on several significant projects including an assisted living facility and a new church sanctuary.

Their company exhibits a professional attitude to their work at all times even under stressful situations. They have staffed all of their projects with very experienced, knowledgeable, and organized members who understand not only construction, but the importance of the construction process. They are very courteous and cognizant of the Owner's concerns and have worked well with us to address any challenges.

I have no doubt that your selection of this company to build your project will be the right one.

Sincerely,

Jeremy C. Durham
