Re: Landscape and All  
**Diamond B Construction / Corporate Office**  
Alexandria, Louisiana

Tommy,

Just a note of thanks for everything at Diamond B! I appreciate your extra effort in making the courtyard pavilion and hardscape come together. It was unusual and difficult construction, and I am thankful for all you and Ratcliff did to help me make it happen. It is a special place, and we are proud of it.

Thanks again and please relay these sentiments on to Greg and James.

Sincerely,

Jeffrey K. Carbo, FASLA  
Landscape Architect
