Re: Letter of Recommendation

Dear Max,

I would like to take this time to thank you and your team for a job well done on the new Parker County Jail. The project stayed within our budget and was ahead of schedule. This allowed the county to bring inmates back from being housed out of county, which saved the county a substantial amount of money.

Your support staff, from the onsite Superintendent to the Project manager, was very easy to work with during the entire project. They headed several engineering and design problems that would have slowed down the project had they not come together with their expertise. Their diligence was greatly appreciated!

I would be very glad to recommend your company for any future jobs.

Sincerely,
