Dear Mr. Young:

The purpose of this letter is to commend you and your company for its outstanding achievement in the construction of school buildings throughout the state of Texas. I have been working with your company since 2001 and continue to find the relationship as well as the quality of service and craftsmanship performed by Ratcliff Constructors both impressive and valuable.

I also want to say that most recently I had the pleasure of working with Scott Treka, one of your project managers, and find him to be of the highest quality and character. I not only welcome the next opportunity to work with Ratcliff and Scott, but look forward to it.

I have worked for school clients for my entire 20 year career in the design and construction industry and simply recognize the absolute quality of Ratcliff Constructors and its incredible staff.

If there is anything I can do for you do not hesitate to contact me.

Sincerely,

PBK Architects, Inc.
