Re: Letter of Recommendation

To Whom It May Concern:

We have recently completed a thirty million dollar elementary school in the San Diego area for which Seawright precast has provided GFRC columns, precast seat wall tops, and a beautiful custom designed precast sign. Seawright was attentive to the needs of the architect, owner, and us throughout the design and approval stages of this project. They delivered a quality product on time and on budget. I would recommend Seawright for any project you may have. Please feel free to call me, if you would like any further information.

Respectfully submitted,

Vern Alderton
Project Manager
