

Sandra Foland, CEO
The Baron Group Inc., dba
Baron Sign Manufacturing
900 West 13th Street· Riviera Beach, FL 33404

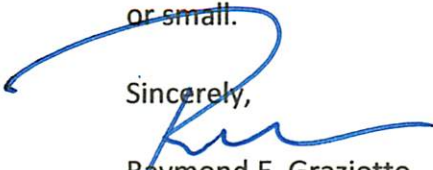

To Whom It May Concern:

I have known Sandie and Jerry Foland for 20 years. Over that time, Baron Signs has been our primary signage vendor, providing complete turn-key service on both newly built assets as well as helping with retrofit or complete serious upgrades to assets that have been acquired by us and previously neglected. I would estimate that we have worked together on no less than 25 sign projects valued in the millions of dollars-worth of signage.

Not only has the Baron team been responsive to our needs, fair in their pricing and competent in the delivery of quality work, I have found them to have integrity and be honest in their dealings with us.

In a sea of companies that over promise and under deliver, Baron Sign Manufacturing stands out as an exemplary example of a family owned and operated business that takes their reputation and work very seriously. I would recommend them for both any sign project no matter how large or small.

Sincerely,

Raymond E. Graziotto
President and C.O.O.
