As a leader in your field and your community, you are helping us make Florida a great place to live and work.

The Florida Department of Economic Opportunity coordinates economic, labor-force and community-development programs to help strengthen the economy and grow our talented workforce. Florida's growth policies have provided a fertile environment that enables Florida businesses to grow and expand. This growth provides more opportunities for Florida families to achieve their dreams.

Companies throughout the state, like yours, help us maintain this forward momentum. You are helping write Florida's economic turnaround story. As we continue to create an opportunity economy, your company plays a critical role in providing new opportunities to Floridians and their families so they can live the American Dream.

Congratulations again on Baron Sign Manufacturing's recent recognition and thank you for your commitment to your industry and to the community you serve.
