

June 30, 2015

Dear Gentlemen,

I have had the distinct pleasure to have enjoyed a working relationship with Sandy Benton, President of Landscape Service Professionals for over 16 years. As Vice President of Centex/Balfour Beatty Construction, I have partnered with Sandy and her team on countless projects. Whether Design-Build or C.M. @ Risk, Ms. Benton has always provided both landscape and irrigation services that are second to none. Her knowledge of plant and tree types and the ability to supply specimen material is a constant.

Ms. Benton's performance of quality landscaping on every project is the reason I continue, as Vice President of JWR Construction, to collaborate now and in the future with landscape Service Professionals.

Sincerely,

A handwritten signature in black ink that reads "Timothy M. Anderson" followed by a horizontal line.

Timothy M. Anderson
