Re: Subcontractor Safety Awards

Dear Mr. Washburn:

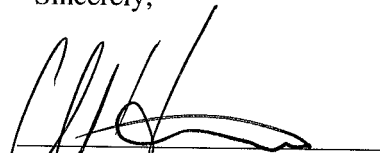

We're proud to recognize you as a recipient of our newly instituted Annual Safety Excellence Award for Best Subcontractor. For keeping a licensed and well trained staff, for keeping strong paperwork discipline, and for consistent pre-planning and communication between management and site staff – thank you!

As you know, Shawmut is on a mission to be a world-class safety organization. Our number one goal is to run safe and clean job sites, while ensuring our people, partners, and the public are safe at all times.

By partnering with subcontractors like you, we're making a difference in the construction community. Of course, even one incident is one too many. Our goal continues to be zero incidents, and we are well on our way. We applaud you for taking the extra steps to help us get there and to create new industry standards.

Thank you for supporting our mission with your extraordinary efforts this past year. We would not be where we are as a company without you.

Sincerely,

Les Hiscoe
Chief Executive Officer

Michael Sanchez
