Providing Low-Rent Housing, Golden Circle Nutrition Program and Homeownership Assistance

August 27, 2012

To: Whom it may Concern;

I am happy to provide a letter of support for Ransom Construction. Ransom Construction has completed two projects for the Housing Authority and is currently in the process of a 3rd project.

Their work has been excellent quality and workmanship. They have completed the projects ahead of schedule and the punch list at a walk thru has been very minimal.

Please contact me if I can provide any additional information in support of Ransom Construction.

Mike Burks

Housing Authority Maintenance Supervisor
