

For Immediate Release

**Patriot Construction Announces President's Retirement and Succession Plan**  
Greg Kunkle leads Patriot Construction as the new Owner and CEO

**Philadelphia, P.A. (October 14, 2020)** – Patriot Construction, a full-service General Contractor, announces their President and Founder Rick Kron, has officially retired effective October 1, 2020.

Greg Kunkle succeeded Rick as the new Owner and CEO of Patriot Construction in September 2018 when he purchased the company. Greg started at Patriot in 2011 as an Estimator and quickly rose to become Vice President in 2015. His ownership of the company in 2018 was an eventual next step towards his leadership at Patriot Construction.

"I can't thank Rick enough for all he has done for this company," Greg said. "I aim to foster the relationships that Rick has built and continue to grow this company despite the challenges presented by the COVID-19 pandemic." Considering this, Greg has successfully led Patriot Construction through the pandemic without making any job cuts.

As the company's 20th anniversary approaches next year, we acknowledge the critical role that Rick played in establishing Patriot Construction's reputation in the industry. Patriot Construction is a commercial General Contractor known for its flexibility, attention to detail and its strong relationships with owners and partners over the past two decades.

"Starting this firm 19 years ago was one of the best decisions of my life," Rick said reflecting on his time as CEO of Patriot Construction. "I have thoroughly enjoyed building the firm to what it is today."

In announcing his retirement, Rick plans on spending time with his family at their home in Maryland.
