Subject: Commendation

We would like to commend Anthony Cardone and his subcontractors for the outstanding job they did in the remodeling of an old garage into a beautiful pool house and in the oversight and cooperation with the construction of the pool at my mother's 1500 Virginia Ave property in St Cloud.

We felt that Anthony was professional in every area of the projects and was accessible for discussions and most responsive when we voiced any concerns, particularly since most of our communication was via e-mail (we live in PA).

We would recommend Anthony and his crews to anyone who asks for the name of a Great contractor in Central Florida.

Thank you, Anthony, and All Pro Builders for a job well done. We will be back in touch when we have any other projects to tackle.

Thank you, Doc & Helen Burleigh and Alice Slingerland
