Gentlemen:

Thank you for the hard work and dedication you provided for the office building at 3700 South Conway Road. We love the new office building and feel very confident that it is well constructed.

The only item that was disappointing was the six month delay on the final completion date. Some of this was due to Orange County Inspectors who were short on projects to inspect and used our project to fill their day. Each new item they found to question caused work to stop and the process of resubmitting revised drawings for County approval all over again.

We are happy with the finished product and appreciate all the hard work you and the crew put into it. We were especially happy with the site contractor, Alan Hand. He communicated very well with us regarding any issues that came up and let us know if we could help to move things along by making phone calls etc.

In closing the Diocese of Orlando would be very lucky to have you work on their project and I am sure they will be very happy with the final product.

Very truly yours,

Maura Flick,

Managing Member 3700 Conway Rd., LLC
