

"Service is what we do best"

OLAA
ORLANDO LONGWOOD AUTO AUCTION

TO: Whom it may concern

It has been my pleasure to work with Strong General Contractors Inc. over the past eight (8) months. Strong Contractors has already completed two major projects and is currently wrapping up a 1.6 million dollar site development contract. These projects have ranged from major building remodel and construction to development of raw woodlands into a 15+ acre parking and storage lot.

Mr. David Strong has completed each project well within the proposed time schedule and financial budget. In fact, thru the contractor's attention to detail and recommended changes, the construction was completed under budget. Our final project is still underway and is on target both for timing and budget.

We enthusiastically recommend Strong General Contractor Inc. to everyone, no matter the scope of the project. Should you wish to talk with our Construction Manager, please do not hesitate to contact us at (407) 324-3339.

Sincerely,

Gayle T. Kelley
Secretary
