To Whom It may Concern

I recently had the pleasure of working with David Strong during the \$750,000 renovation and an addition to our manufacturing facility in 2003. After 3 months of total frustration with a major construction company, David came in and took control of the project. He provided timely quotes, expedited permits, worked with city officials, and provided constant status reports.

As the project was already late, David expedited this project and completed it on the agreed time schedule, with no cost overruns and at a significantly lower cost. The sub contractors he acquired provided top-notch quality, and his follow-up on all matters throughout the project was excellent.

I would definitely recommend David be considered by anyone needing professional, dependable, quality and cost competitive construction services.

Sincerely,

A handwritten signature in cursive script that reads "Paul T. Visnoski".
