Dear Chris,

I just want to take a minute and let you know how helpful the “Free” online bid system, The Blue Book offers, has been. We have been using the “BB-Bid” system since the start of 2004 and it has been a great resource for us to communicate with our subs.

Fortney & Weygandt is a full service General Contractor with projects all over the United States, which is another reason The Blue Book’s online bid system has been a lifesaver for, it allows us to quickly communicate with not only our subs, but with potentially new sub contractors.

We send out amendments, and reminders to bid with just a click of the mouse, and they have so much more to offer and it’s All for FREE!

With The Blue Book maintaining their database, we know we will always have an accurate phone, fax and email. The Blue Book and its online services have become an important part of how we do business. I would recommend the system to anyone. It costs nothing to try; we did, and we couldn’t be more satisfied.

Sincerely,

Vicky Weber
Estimating Coordinator
