

## Testimonials

**Here are a few comments and reviews from our customers... If you have something you want to share, please let us know.**

For convenience you can ship it to the same location you shipped the cooler parts. Thank you for checking into this. Initially I was a little apprehensive about ordering a piece of equipment like this online but things have gone much smoother than I thought they would. You were a great help through the process. Thank you!

Tamara,

You are the best! Thank you for all you have done in facilitating our needs here at Bonaparte Boy Scout Camp in northern Washington State on such short notice. Your professionalism and attention to detail, combined with your customer service, is more than we could have ever hoped for given our short time frame! Again, my sincere and heartfelt thank you for going the extra mile to take care of our needs!

From the moment we requested a quote to delivery of our walk in cooler, Kristina was friendly, helpful, and professional and accommodated all of our requests seamlessly. We are so happy with the results, both aesthetically & functionally, of our AWIC and will be highly recommending your company, sales & services.

Thanks for everything!

Hello, Gene-

My husband and I just recently purchased a combination cooler/freezer from your company and we wanted you to know that we have been incredibly impressed with our dealing with your sales associate, Tamara Cushing.

Honestly we have put out calls to 8 or so refrigeration companies to get quotes, discuss delivery date possibilities, etc. We were astounded by the lack of interest in such a large purchase. Lack of follow-up, time it took to get back to us, etc.

But Tamara, from the very beginning, through the first quote, to changes in what we were looking for, getting us detail on specs that we needed, addressing our concerns... she has been phenomenal and a most integral part of why we purchased our system from your company.

Thank you, and it is a pleasure doing business with you-

Hi Dennis,

Walk-in got here at 1:00 today had it together by 3:00. Everything looks great. Thanks so much Kristina for making this happen in the limited time frame. And let the rest of your staff know they rock! And my promise to treat you when we are open still stands.
