My initial call was promptly returned and an appointment was set up for the next day. As promised, Mike (the owner), called about 20 minutes before he arrived to let me know he was on his way. Very courteous and professional. Even though I thought I needed a new thermostat, Mike assessed the problem and determined that the one we had was still fine. Problem was resolved and Mike's rate was very reasonable. Would definitely call Mike again should the need arise!

Mike was very quick to get us an estimate with a variety of options and when we decided what we wanted he installed the HVAC exactly when he said he would and in the time frame he specified. We have no need to go to anyone else with our HVAC needs.

Mike Selvaggio's work and care was exceptional! We had a problem with our A/C unit and he was great about coming over as soon as possible to fix it for us. I was immediately impressed when he gave us alternative choices in affordable solutions. He made sure everything worked properly and encouraged us to call him if we saw any issues. We always refer him to our friends because he's honest, reliable and his prices are very reasonable.

Our family has lived in our 7 year old home and never really been satisfied with our builder installed air conditioning system. We contacted Mike based on referrals from several friends who all spoke highly of his professionalism and willingness to take on any HVAC job. He listened to our concerns with our current system, performed a quick maintenance tune-up, and responded immediately with efficient and economical ideas to improve our system. We look forward to our upgrades and would highly recommend Complete Comfort.

Imagine it's the hottest week of the year and your air conditioning gives out. That's what happened to us. We made several calls for service, but every company we contacted gave us a two week waiting period before they could get someone out to us. We found CCM through a friend's referral and within a few hours we had a technician at our house. Mike was professional, knowledgeable and honest. It was a simple job this time at a reasonable cost. Our unit is over 12 years old and we are in need of a replacement in the next year or two. Mike gave us options without any of the pressure-refreshing! We will definitely be calling CCM in the future!

Mike and his assistant were great. They arrived on schedule and were very complete and thorough. Plus, they gave me peace of mind about our air conditioner - which it would hold up for a while longer I will happily recommend Mike's company!

My Furnace just quit. I used Service Magic and received Michael's telephone response before the web page response loaded! I scheduled an appointment within the hour and he arrived 20 minutes early. Mike diagnosed the problem in less than 15 minutes and the heat is on just now as I write, 31 minutes after he handed me his business card at the door. My Furnace is 25+ years old and he never mentioned replacing it. I am a warm happy camper that can now afford to go Christmas shopping!

Trabuco Canyon

Mike showed up on time. Evaluated my heater/ac unit and gave me all the possibilities. Since it currently works fine, but just looks bad cosmetically, I wanted him to clean it up. He suggested that it really wouldn't make a difference on my electric bill to spend the money to clean it up to make it look nice. He didn't charge me for the visit and was very friendly and honest. When my unit does bite the dust in what I expect will be a few years, I'll definitely be giving Complete Comfort a call
