ACS

Attn: Kevin Dunning
738 Selby Avenue
St. Paul, MN 55104

Dear Kevin:

It was fortunate that we meet up with your company. We were in the middle of remodeling our office and lunchroom areas, and decided that our doors and metal files needed to be repainted.

You came in and listened to what we wanted, then the quote you gave us was fair, so we proceeded with the project. The results were great. Everything matched well with existing files and your work crew were pleasant and professional to work with.

We will certainly recommend your company to others, and as other parts of our facility need new paint, we will definitely be calling ACS again.

Sincerely,

Kristi Blanchard
