June 24, 2014

Thank you to all at ACS,

I had a large order to fill and no time to do it...and you graciously went out of your way to not only get the job done in record time, but also made sure you had the paint colors in stock.

The work you did was outstanding and the furniture we had painted for a St. Paul high school will be there in great shape for a long time.

Kevin, Lori and the others I met ....you were all so helpful and kind.

I appreciate you working with me in such a rush...and I couldn't be happier with the results. I could not have done this without your help!

Thank you again  
Best regards

A handwritten signature in black ink, appearing to read "Terri Gold", with a long horizontal flourish extending to the right.
