

COWBOYS ★ Golf Club

Hagen Cleek
Eagle Golf, Cowboys Golf Club
1600 Fairway Drive
Grapevine, TX 76051

To Whom It May Concern:

Alliance Construction Management has been doing work for Cowboys Golf Club and Eagle Golf since early 2011. Many projects have been accomplished ranging from complete Clubhouse renovations, complete on course grill renovations, bathroom renovations, patio/deck renovations, mill work, stone work and even uninterrupted structural work to a Porte Cache.

I can tell you without hesitation their professionalism and desire to get it right is unprecedented in the industry. If it doesn't look right you do not have to go to them because they are the first to come to you, and with a better solution. It's for that reason they are our preferred vendor for this type of work and come with my highest recommendation. You simply can't go wrong with them as partners for your construction needs.

Sincerely,

Hagen Cleek
Regional Director, Eagle Golf
General Manager, Cowboys Golf Club
