To whom it may concern,

There are several reasons for recommending the employment of Alliance Construction Management. First, they have Integrity, Excellent reputation and their commitment to our renovations was commendable. In addition, they were very client centered. By that I mean if we had a problem or concern they attended to it immediately and in a professional manner. The entire project was completed while our building was open for business. This required special attention to noise levels and cleanliness while completing their work in a timely manner.

The entire project was completed ahead of schedule and on budget. The lines of communication between Alliance Construction Management were also open and responsive. The leadership team that was assigned to our project was available whenever we needed them. We have been using Alliance Construction Management for now going on 13 years and they have met every project goal put before them.

I recommend Alliance Construction Management without reservation.

Sincerely,

A handwritten signature in black ink that reads "Darrell Perry". The signature is written in a cursive style with a large, looping flourish at the end.
