Design/Build - Base Civil Engineer Pavements and Grounds Facility

**Contract Effort Description:**

This is a Design Build best value project. The MATOC contractor will be responsible for the design services, construction, labor, materials, supervision, equipment, and all other costs associated with the project. The Contractor is responsible for the form, fit and function of this project. The MATOC contractor will be provided with a Statement of Work/Statement of Objectives (SOW) that has been developed by the Government. The SOW is to provide the MATOC contractor with the Government's design objectives. The MATOC contractor is responsible to reviewing all of the requirements of the SOW and this Notice of Task Order to ensure they have a complete understanding of the Government's design objectives. This project consists of the design and construction of an 7,000 sf insulated metal storage building at location. The Storage interior will be heated and the administrative area will be heated and cooled. The administrative area will include an office, a unisex latrine, telecom closet, and janitor's closet.
