Subject: Outstanding Customer Service - TCS Joel for 2015 Platte River Half-Marathon

Gentlemen,

I want to bring to your attention the outstanding assistance and support the Denver Police Department's Special Events Unit received for the 2015 Platte River Half-Marathon, Sunday, April 12th.

Joel, your event TCS, was readily available and quickly answered the phone when I called. He had the three-page barricade list delivered and properly deployed all along the course, along with multiple MHTs. As the runners come into Denver from Littleton, the course was ready for them. As the event progressed northward, we were able to have parts of the course on the south end opened up to through traffic because Joel and his crew were staged and ready to be called into service.

Joel and his crew are to be commended for their work and are excellent representatives for Colorado Barricade Co.

In particular, I want to commend Joel for his supervisory skills. With almost 5,000 runners in this year's Platte River Half-Marathon, those skills were evident as he had his crew in the right place at the right time whenever we called upon them for their services.

Please pass along our sincere thanks to Joel and his crew.

Sincerely,

Ted Newsome
