To Whom It May Concern:

Over the past year I have had the pleasure of working with J Feldkamp Design Build as our HVAC/Mechanical Contractor for the Tire Discounters building program. During the past year Feldkamp Design Build has established themselves as our HVAC partner for the program continually providing cost competitive class leading service for multiple stores and has become our preferred contractor for the program.

I have had nothing but good experience with the staff and management of the Feldkamp organization. From honesty in pricing, responsibility and professionalism of the field staff, to prompt warranty responses we have gained a trusted resource and partner with Feldkamp Design Build. We know we can count on Jon and the team to deliver the project on time and on budget and Jon has become a trusted friend in dealing with manufacturing issues encountered during the program and has never shied away from the adversity that these issues have brought.

My team and I truly look forward to having the JFDB team on the jobsite and know it's one trade and company that always delivers on their promise. It is truly comforting and reassuring knowing that when a job is done the field staff at Turner Construction eagerly look forward to having the Feldkamp staff back onsite as a partner in their next project.

Very respectfully

Turner Construction Company, SPD
