Re: Feldkamp Design Build

To Whom It May Concern:

I have had the pleasure of working alongside Feldkamp Design Build HVAC Mechanical Contractors in several projects over the past couple of years. In that time I have found the company to be staffed with honest, hardworking employees who take pride in their work. Employees who are willing to go the extra mile to satisfy the owner's wants & needs. I firmly believe that this excellent work ethic was taught to the employees from upper management within the organization.

On the projects that I have worked with Feldkamp Design Build I have received 100% of their dedication. Managers like Jody & Jon show in depth working knowledge of each project like they are the ones running the project on a daily basis; yet trusting in their field supervisors to complete the project on schedule & within the budget. Jody & Jon's extensive knowledge on the mechanical trade makes them an asset to the construction industry. Several times I find myself questioning a note on a drawing or specification, & know that I can call on Jody & Jon for a detailed explanation.

The leadership skills that Feldkamp Design Build brings to a jobsite put them above the rest & they take the lead in the coordination of the other specialty trades. It is my pleasure to recommend Feldkamp Design Build, and I look forward to working with them on our future project.

Sincerely,

Stephanie A. Hall, CIT
