

# Testimonials

It was a pleasure having Franklin and his team work on our home. They took an old worn out property and turned it into something beautiful. Nobody can believe that it is the same house! Everyone comments on the remarkable transformation. Franklin and his team were always on time, professionally turned out and so courteous and polite. They carried out all work to the highest standard. Their finishing was terrific and they delivered everything on time. Our home looks like a new house. I fully recommend using LeyKamsh Construction. If we ever do another project they will be first on our list to call.

I have had several projects with Franklin as an experienced contractor. He has corrected work that was performed in less than professional mannerism by others. He has taken action on my investment projects in a timely and efficient manner. The results of the work are above my expectations. The level of communication with Franklin has been well above the normal standards.

Franklin did a splendid job during the final vital stages of my new house construction where he installed all the trim, doors, built-ins, fire surrounds, etc. Although I had an idea of what I wanted, Franklin used his knowledge, design skills and experience to develop the details and put it all together in a very timely manner. I was very pleased with the result which never fails to produce favorable comments from my house guests. I would have no hesitation in recommending him.

I would like to highly recommend Franklin Leykamsh for construction. I found him to be extremely reliable, courteous and knowledgeable of his craft. I also found him to be very fair with his pricing. He was very prompt in returning my calls and very specific as to when the work would be complete.

If you would like to speak to me directly for a reference, please contact me at 917-536-3634. Thank you.
