## **GTX DRYWALL - RECOMENDATION**

---

**NOVEMBER 11, 2020**

GTX Drywall has just completed work on my new Starbucks here in Olympia, which was no easy project--- as we were restoring a 116 year old Grange building.

Maurice and his crew were up to the task, and once again not only did they do a fantastic job, but both Maurice and his workers were always there and ready, they worked well with all the other trades!

Stop by and see his work and have a coffee (Yelm Hwy/Henderson Blvd).

I have worked with Maurice and GTX for over 15 years, and he does both commercial and residential projects... and he always does them well.

He also does specialty drywall work, which other drywallers may shy away from... but no matter the job, the quality, price and experience is always VERY good!

Thank you Maurice, and all your people!  
You care,... and it always shows!
