Dear Darlene,

Just wanted to say thank you for the good work Watergate has provided Dupuy.

We appreciate the professional attitude of your staff, and the quick and reliable response to our requests. Your flexibility to accommodate our changing production schedule is a plus. The employee entrance and control room you just finished look great.

The painting you did on the silo ceiling years ago is still holding up well!

Thanks again for a job well done.

Sincerely,

Caryn R. Sawyer  
Vice President, Operations
