

Randy,

I am very pleased. It looks great. Randy and John did a great job every step of the way. I appreciate Randy letting me watch and educating me about the process. I also really appreciate the attention to detail.

I have some feedback already and all good. I want the entire board of directors to see it as soon as possible for their input. We will also want to see how the floor takes spills and stains for cleaning them off. I want to see how a move in or out of a condo affects the floor.

I'll keep in touch as I get feedback and hopefully we can do the other 18 elevators soon.

Thanks,

JD
