To Whom It May Concern:

Carlton-Gray Systems has had a long working relationship with Second Baptist Church, over fourteen years. I personally have worked with them for ten years and cannot think of one time that I was not happy with their service. They have responded to our many requests for service calls and have gone out of their way to respond quickly to emergency calls as they arise. When I call, they respond to my call for assistance by sending someone out the same day within an hour or so of my phone call.

Carlton-Gray has a great team, when I call Darcy I am confident that she will respond in a timely manner and send out one or two of the technicians. I have worked with Johnnie, Derek, and Chris, they will review the problem and take care of it that same day,

It has been a pleasure to work with Coleman and the other employees of Carlton-Gray on many projects here and I look forward to continuing our relationship with Carlton-Gray Systems.

Sincerely,

Daniel Belanger
Facilities Manager
