Thank
you

Our hard labor is now complete
Everyone is in disbelief,
The building is standing proud and tall
Our quick accomplishment, an enigma to all.

Hashem was with us throughout everything
And only with your effort and constant caring,
Was it possible to attain our vision
And make our plans come to fruition.

Your utmost dedication
And ongoing motivation,
Even in the most stressful situation
Bought about such an awesome creation.

Our appreciation is boundless
For your devotion that is countless,
Hashem should repay you for your every measure
Working with you is truly a pleasure.
