

Subject: Letter of recommendation for Wilcon Construction

From: Prof. Adie Harstad of North Mankato

When we were looking for a construction company to build on our new lot, our real estate agent recommended Wilcon Construction. The agent said confidently, "What Wilcon says they will do for you, they will do!" Now we know from experience the truth of that statement. CEO Bill Freitag, project manager John Hoffman, and all the rest of the Wilcon team did what they said they would do and more at the price we had determined.

Professional, courteous, friendly, efficient and helpful are terms that characterize Wilcon along every step of our construction project. Regularly scheduled consultations kept the project moving along smoothly, even through the middle of one of the worst winters for Minnesota. Because of years of building in our area, Wilcon also demonstrated that they know the sub-contractors that will get the job done properly to the satisfaction of the homeowner and Wilcon.

After living in our wonderful Wilcon-built home for about 6 months now and thinking back on the whole project, we also can say now, "What they say they will do, they will certainly do, and they will do it very well." We stand ready to answer specific questions you may have about working with the Wilcon team. My cell phone is 507-351-9333.
