

October 4, 2017

Wilcon Construction  
PO Box 502  
St. James, MN 56081

Todd, Ryan & Staff:

Thank you for the wonderful work on our office remodel project. We have been in our new addition & remodeled offices for just over four months and are very pleased with every aspect of the project. From the new offices & reception area of the addition to the remodeled offices & break room & conference room – we are very impressed.

We have received so many positive comments from our customers, companies & our corporate office. The Wilcon staff on site was experienced, professional & easy to work with. They kept us informed of the progress and of any changes. The job was completed sooner than expected and stayed within our budget.

Thank you for a very professional job well done!

Sincerely,

The Staff at Brown & Brown Insurance
