SUBJECT: Letter of Recommendation

It is with great pleasure that I provide a letter of recommendation for Spartan Construction, Inc.

As the Director of Operations for a large North Jersey School District, I routinely manage a number of construction projects, of various size and scope, all at the same time. I just recently completed a \$500,000 project with Spartan Construction and the project was well managed on-site, completed ahead of schedule and on budget. It should be further noted that this project was completed without a single change order. I had previously completed another large scale project with Spartan Construction while employed as the Director of Facilities for the Lakewood School District in Lakewood, New Jersey. I was so impressed by the workmanship on that project that I contacted them to bid the work in North Plainfield.

I would not hesitate to recommend Spartan Construction to anyone. Their professionalism and attention to detail are unmatched in the industry. I would further welcome a site visit with any prospective client.

Please feel free to contact me if you would like additional information regarding Spartan Construction, Inc.

Edward Ostroff, C.E.F.M.
