Re: Letter of Recommendation

To Whom It May Concern:

This letter is my personnel recommendation for Spartan Construction, Inc. and Timmy Koukoumis. I was the Architect of Record for the renovation of the Teaneck Armory, a 4.3 million dollar exterior renovation project.

Timmy was always on-site supervising his crew. He maintained a clean and safe construction environment. Timmy was always courteous and polite and performed above and beyond that which was required, including addressing all of our concerns, even some items that were out of the scope of work.

I highly recommend Spartan Construction, Inc. for future construction work.

Sincerely,

Martha B. Lane, RA
