To whom it may Concern:

It is with great pleasure for me to provide a letter of recommendation for Spartan Construction of Oakhurst, New Jersey.

Spartan Construction was the successful bidder on an \$800K High School Cornice Restoration and Replacement project for the Bloomfield School District. The project posed many challenges as the building was a registered historic building and the job had to be completed per historic specification guidelines. Additionally, the project was some eighty feet above the street and was done after hours as to not impact instruction.

Spartan Construction completed the project ahead of schedule and within budget. The company exceeded my best expectations on every level.

Please feel free to contact me if you need any further assistance.

Sincerely,

Michael Derderian
Business Administrator/Board Secretary
