A Letter of Recommendation for:

Spartan Construction, Inc.
PO Box 1017
Oakhurst, NJ 07755

To Whom It May Concern,

Spartan Construction was selected as the lowest responsible bidder for our recent Lindenwold Middle School Façade Repair job. The Lindenwold Middle School is approximately 100,000 square feet and was originally constructed in 1939.

Spartan was contracted to repaint, repair and replace and retrofit pin the entire building façade due to failed wall ties, among several other required masonry repairs.

Their crew and equipment was on site on the exact day that they indicated they would begin construction and they worked tirelessly throughout the full project to complete before the students and staff returned to school. The building has been restored to a beautiful condition on which we have received countless compliments.

In addition, Mr Koukoimis, the Owner of Spartan, was always available to address concerns and then troubleshoot and immediately resolve these issues. His dedication to his work product was above and beyond and the final product truly shows this high level of commitment.

Lindenwold Board of Education would be happy to work with Spartan Construction again.

Sincerely,

Kathleen Huder
Business Administrator

cc Mr. Timmy Koukoumis
