Attn: John DiPompeo, Jr.

This letter is being sent to commend you and your company on the workmanship and team effort that your personnel have exemplified while building the addition at Marjory Stoneman Douglas High School.

As a result of your team efforts, proper scheduling and follow through, you have made my job a whole lot easier and do not think we could have moved the kids in the school three months earlier than scheduled.

I look forward to another opportunity to work with you and DiPompeo Construction in the future and I wish you and your company good luck on all future endeavors.

Sincerely,

The School Board of Broward County

  
Roger Asper,  
Project Manager
