RECEIVED
MAR 01 2007
DI POMPEO
CONSTRUCTION CORP.

To Whom It may Concern:

It is with the greatest personal satisfaction and professional respect that I please ask you to let this letter serve as my most positive recommendation of Mr. John DiPompeo Jr. and his company DiPompeo Construction, Inc.

Mr. DiPompeo and his company performed exceptionally well on the project we designed called the City of Coral Springs Public Safety and Training Technology Center. Despite the adversities faced from three hurricanes during construction, Mr. DiPompeo and his firm mitigated all of the time lost through his firms well coordinated extra efforts in order to insure that this time sensitive life safety training facility was completed on time and in budget. The quality of work was above normal standards and Mr. DiPompeo's staff was very knowledgeable in assisting with design decisions.

We look forward to working with Mr. DiPompeo and his staff in the near future.

Should you have any questions regarding either Mr. DiPompeo or his firm feel free to please call me.

Sincerely,
Corzo Castella Carballo Thompson Salman
