RE: 678-CSI-108 Mammography Site Prep Bldg. 81  
Appreciation – JB Steel

Dear Nelson,

We would like to take this opportunity to thank JB Steel for your diligence and dedication to the success of this SAVAHCs Mammography 81 project with United Builders. Ron, Tom and your crews have proven to be on the team and have performed well on this job. Your "can do" proactive, solution focused attitude was an asset to the job.

We have overcome a few challenges with a young structural engineer and the folks at the VA. Throughout the course your company was on board and resolved the issues. JB Steel has strived to be helpful and cooperative at every opportunity.

I've had the pleasure to write a few appreciation letters over the years and I typically hesitate because they tend to backfire or get misinterpreted. This one stand out in my book since it was initiated by our superintendent, Andy Wilson.

Great Job JB Steel, Tom, Ron and crews. We look forward to many future successful projects with your company.

Sincerely,  
United Builders, LLC

Steven Mitchell  
Project Manager

Andy Wilson  
Superintendent
