

# Project Profile:

## MODERN, CLEAN LOOK

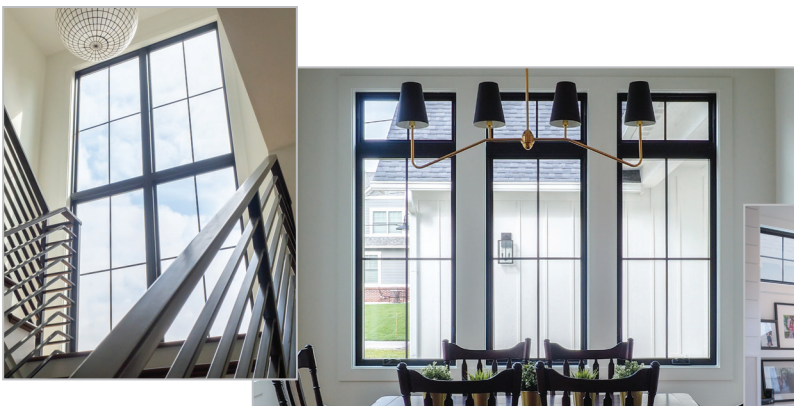

Indianapolis, Indiana

When planning construction of this single-family residence, this homeowner was looking for a modern design with clean lines.

An interior designer by trade, the owner absolutely loved the look of the black laminate interior and exterior windows created for this two-story home.

In addition to the color, Earthwise Casement and Picture Windows provide unobstructed views and a large amount of natural light indoors. The windows also feature excellent performance and energy efficiency ratings.

### Featured Product:

**Windows:** Earthwise Casement, Picture Windows  
**Door:** Three-panel eos® Patio Door with transom  
**Exterior and Interior Color:** Black laminate
