RE: Vessel Electrical, LLC Bonding Capacity

To Whom It May Concern:

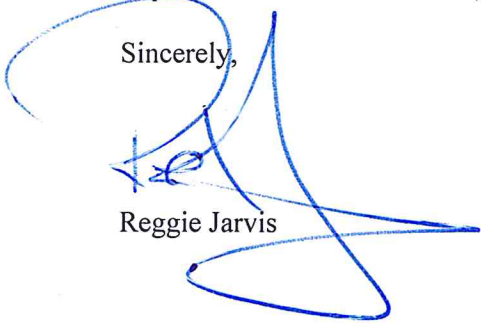

As a representative of Centennial Surety Associates, Inc., our agency manages the surety bond program for Vessel Electrical, LLC. Vessel Electrical, LLC is a well-managed and well-regarded firm which has completed projects to the full satisfaction of the Owners and General Contractors involved. Additionally, the company enjoys an excellent reputation for providing a quality product in a timely and cost effective manner.

Surety bonds for Vessel Electrical, LLC are underwritten by Western Surety Company, through this agency. Western Surety Company maintains an A.M. Best rating of "A" and is listed on the U.S. Department of Treasury list of approved sureties allowed to provide bonds on federal projects. Western Surety Company has extended a bond program that can support single bonds up to \$350,000.

All bonds are approved at the time a project is awarded based on underwriting conditions at that time, including a satisfactory review of the contract documents and project financing. This letter does not express bond approval for any specific job but indicates bonding support on behalf of Vessel Electrical, LLC.

We are proud to recommend Vessel Electrical, LLC to you. If you should have any questions, or require additional information, please contact Reggie Jarvis at (301) 725-1855 ext. 213.

Sincerely,

Reggie Jarvis
