

I wanted to take a minute and thank you for the outstanding job Extreme Construction did on my flooring installation. I was impressed from beginning to end. The tile selection was massive. I was equally impressed by the speed in which you were able to get the tile ordered, in stock and installed. The installers were very conscious of my desires and level of happiness with the job that they were doing.

In my business reputation is paramount. When people ask for referrals from me whether it is for home owners insurance or flooring companies, I won't recommend anyone that I don't personally know to be top notch. In the future when I am asked for a flooring referral, I won't hesitate to recommend your company.

Thanks for the great job!
