Dear Jonathan,

It was a pleasure to work with Harris WorkSystems on the furnishings for our new library. Since my involvement in the project I found your company responsive to our needs. The furnishings you suggested for our public space have held up very well. After two years of use, we just had them professionally cleaned and they look almost new.

The library shelving you recommended is holding up very well. We especially liked your suggestion of having our shelving units for our new books and the children's collection on wheels as we can move them to accommodate large programs in the area.

The furnishings in our staff workroom worked out great. Staff especially liked your suggestion of the large work table in the middle of the room. It's one of our core work areas.

Again, it was a pleasure to work with Harris WorkSystems. Thank you again.

Sincerely,

Irene M. Green, Director
